

The Mystery Animal

(Pink Fairy Armadillo)

In some ways, this animal looks like a tail with legs. It is a very small armadillo, only 5" - 6" long. What does it like to eat? Ants, worms and other creepy - crawly, squirmy things. Where does it live? Argentina. Other armadillos can be found from the southern United States through Central America. But this Pink Fairy lives only in Argentina.

South America

Argentina
