

Great, Great Family MATH

Elmer has 2 parents and each of his parents has 2 parents ~

BUT . . .

each of Elmer's GRANDPARENTS also has 2 parents ~ those are Elmer's Great Grandparents.

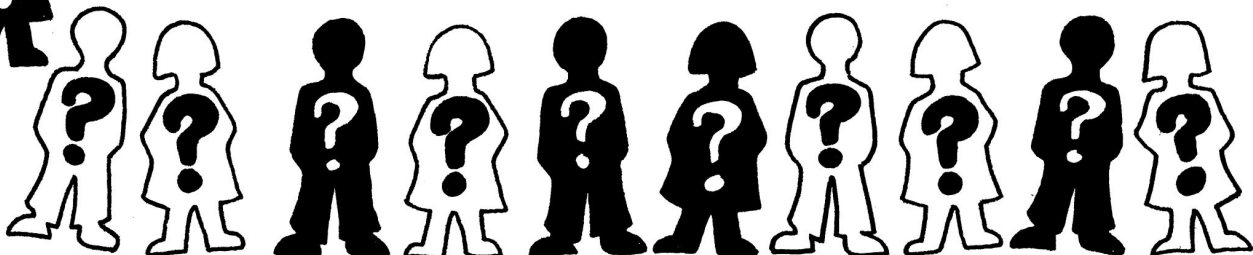

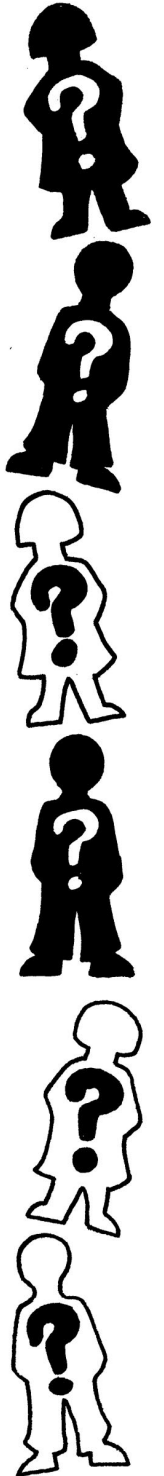

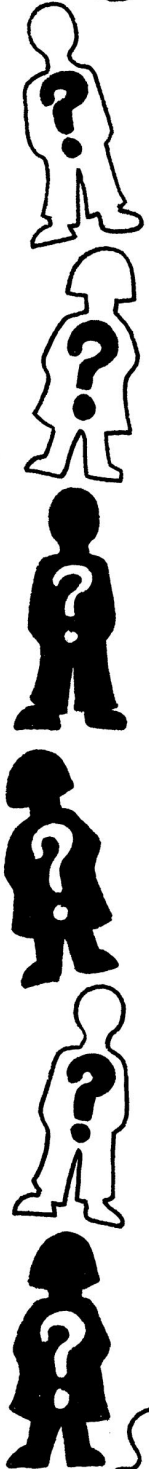

Elmer's teacher wants to know:

1. How many GRANDPARENTS does Elmer have? ____
2. How many GREAT, GREAT GRANDPARENTS does Elmer have? ____
3. How many GRANDMOTHERS does Elmer have? ____
4. How many GREAT GRANDFATHERS does Elmer have? ____

Elmer's mother has 1 sister, her name is Maybell. Maybell is married to Clyde. Maybell and Clyde have triplets. Those triplets are Elmer's: (Please check one box)
